1. About the College

Government College of Teacher Education, Dharamshala was established in September, 1956 by the Government to meet the ever-growing demand of trained teachers. The college has been catering to the educational needs of Pre-service and In-service teachers since then. It was upgraded from Government College of Education to Government College of Teacher Education by the Ministry of Human Resource Development, Government of India on 24th February, 1993.

The National Assessment and Accreditation Council (NAAC) has re-accredited this institution with B++ Grade with an enhanced CGPA of 2.89 in the third cycle which was conducted in November, 2024 by the NAAC Peer Team. The college caters to Pre-service and In-service Teachers' Training by conducting Induction Programmes, Teachers' Training and Capacity Building Programmes, Seminars and Workshops, for In-service Teachers and Heads of Educational institutions of Six Districts (Chamba, Kangra, Hamirpur, Mandi, Kullu and Lahaul & Spiti) of H.P. Various committees and cells have been established in the college for addressing the needs of the student-teachers viz. Internal Quality Assurance Cell, Grievances Redressal Cell, Women Grievances Redressal Cell, Career Guidance Counselling, Placement & Incubation Center etc. Extensive theoretical orientation supplemented with five months of teaching practice/ internship provides a healthy learning environment for the holistic and harmonious development of the prospective teachers. The Government College of Teacher Education, Dharamshala has got a permanent affiliation with Himachal Pradesh University, Shimla and recognised by NCTE New Delhi.

2. Infrastructure

The college is replete with a sufficient number of well-ventilated and adequately lighted lecture halls and classrooms with adequate seating capacity. The multipurpose hall serves the purpose of an auditorium and also a seminar hall which is aptly stocked with cushioned chairs and is capable of holding virtual classes and IT presentations with the projector and screens for the whole college. There is a conference room which is also adaptable for all kinds of IT presentations and theoretical lectures. The science laboratories, language Lab, ICT Lab, Social Science Lab and Educational Psychology Lab are well endowed with the required instruments, apparatuses and computers for the students that expose them to the relevant subject knowledge and practical implementation. There is a well-stocked library and computers for the students to use the internet and locate the books in the library. The college campus has three grounds for playing basketball, volleyball, Khokho/kabaddi, badminton and also a fitness center which is adorned with physical training machines, equipment and recreational facilities for the students to play games. The office, too, is completely computerized and digitally smart. Besides the Common Room and the classrooms, there are rooms for clubs and cells related to the various welfare and co-curricular activities. There is a rainwater harvesting tank also constructed in the college. There are enough washrooms/restrooms for the students and for the staff. There are two common rooms for girls and a visitor's room as well, for the guests. A sick room is also available in the college to provide medical aid for any ward who falls sick during the day. The canteen is in the faculty house which is used for the refreshment and meals for the college students, staff and also the in-service teachers who reside here during training programs. Ramps are provided for students with special needs in the college. An open-air stage is constructed for the students to promote cultural activities.
